Testimonials

"Wow, what an incredible event. If you are looking to have your mind stimulated and challenged, look no further than the Entrepreneur Retreat. I left the event with over a dozen ideas that I can quickly implement in my business. I made an ROI on my registration fee within the first hour. If you are a growth company CEO, you want to attend this Retreat!"

- Adam Witty, CEO, Advantage Media Group

"Awesome experience! The level of visibility into John and Chad's prior experiences was enlightening and transformative. I had an 'aha moment' while sitting through one of the sessions that led to naming my #2, our company's COO within a few weeks of returning from the Retreat. The experience allowed me to take a step back and realize I already had that person in our company but had not previously looked at their traits and characteristics in the light of a COO."

- Shawn Scarlata, CEO and Founder of SMART Security Pros.
